

Veritas Classical Academy

News – January 2005

We are excited to have four new students this semester. We are honored to have these students and families join us. As we look toward next Fall, we anticipate doubling our enrollment. We hope that you share our joy in seeing God build up this school. As a means of meeting and educating interested teachers and families about Veritas, there are several Information Sessions scheduled for the Spring. As you continue to talk to your neighbors and friends about us, please direct them to our website to get more information about the dates and times of these meetings.

Now Enrolling for Fall 2005

Applications are now being accepted for grades K-7 for the 2005-2006 Academic Year. The early application deadline for new students is February 4th with a regular application deadline of April 1st.

For returning students, the early re-enrollment deadline is March 1st with the regular re-enrollment deadline on May 15th.

Please refer to our website for more information and to download new student application forms as well as returning student re-enrollment forms.

Bad Weather Days

Like most schools in the Norman area, we had to cancel classes on Thursday, January 6th because of the icy weather. Our current school calendar does not account for taking any additional bad weather days. Please note that if we have to cancel classes again, the Board will discuss the possibility of adding days in

May. If you have any questions about this, please contact Rebecca at the office.

Upcoming Dates
